

ANOTHER FUN PACKED TERM AT MILS

We learned and had lots of fun on the way!

Creating Fun Memories

Themed crazy days at preschool add fun to the school day. Dressing up to match the theme of the day is a typical component of the crazy day activities for preschool students. The daily activities also relate to the theme in some way to make the theme more fun for the students and teachers. The themed days give everyone a break from the normal routine and make some great memories for the school year.

From A to Zebra

Children become more actively engaged and learning becomes easier when they are interested and enjoying themselves.

In the animals show the kids wore the costumes of different animals and marched in a parade imitating their sounds and actions. It helped them more to emphasize the names and the shapes of the animals.

Learning to be Green

What does it mean to be green? "Green" is more than just a colour. It also means taking special steps to protect the environment — the water, the land, and the air we breathe. Why green? Plants are green, and without them the Earth wouldn't be such a lovely home for us human beings.

Green Day was celebrated with great zeal and enthusiasm in pre-school stage... Many activities and games pertaining to green colour were made.

The Red Color of Enthusiasm

Colours are indeed the smiles of nature. 'Red' colour symbolizes enthusiasm, life and vitality. The shades of red made our tiny tots feel bright, lively and cheerful. The kids wore red clothes and red crowns. They went to the kitchen made red velvet cake and red jelly with their teachers. Bulletin boards displayed red craft work made by the children. The 'Red Day' celebration was a wonderful learning activity which helped children to sort and classify objects based on colours there by reinforcing cognitive skills.

Popcorn for Everyone

It was one of the events that helped in generating interest and excitement in learning about the five senses. The children saw and heard the popcorn popping, they smelled it, touched it and finally they tasted it. They danced and sang the popcorn songs. They wore the popcorn hats and did a group activity that was put on the bulletin boards. It was such an amazing day.

Career Day

We asked the kids to talk about their dream jobs. Children were dressed up in their dream job uniform and they made a presentation in front of their classmates. The children had fun and gained knowledge about different jobs.

Olympics Fun

KG2 stage held an athletic event and encouraged the children to participate in different physical activities such as football, racing, basketball, and rope-skipping. They also contributed in crafting a cup as a trophy for their class and received medals for participating in that day.

Everybody Loves Clowns

The Clown Day was one of the kindergarten events that helps in creating a funny and familiar atmosphere for children. They were wearing the clown's costume and we coloured their faces with face painting colours. They marched in a parade in the school buildings. They played, danced and participated in a lot of activities that made them happy and excited.

New Year Festivities at KG

We started the event by asking all the children to head to the theatre and some of them sang Christmas songs on stage. Later, they met Santa and they were delighted with the small gifts they received. It was a memorial day and the students enjoyed it very much. What a fresh start for a new year!

Exploring Culture

Egyptian National Day was an amazing day for KG2 students, where we did activities related to our country to promote culture and heritage. The kids were dressed in traditional Egyptian clothes and brought authentic Egyptian dishes. They coloured the Egyptian Flag and map.

Pyjamas Day

It was a day that children were thrilled with the novelty of wearing their pyjamas and seeing their teachers and classmates doing the same! Some children were wondering if they needed to sleep right away. Others were so proud of their pyjamas and some even brought along their favourite bedtime stories and stuffed toys. The regular morning routine was replaced with a series of special activities including mattress games, bedtime stories and learning about the importance of sleep in our life. The day has certainly given the children a lot to think about and we bid the sleepy heads a good rest tonight.

Arts for Creativity

The year kicked into action with an exciting and enjoyable day that was focused around art. Traditionally, Art might not have been considered as something that would have an impact on a child's development. However, nowadays we truly believe that teaching young people to be creative and appreciate visual aesthetic has a positive impact on their academic education.

Marketing Event for Grade 6

Marketing event was dedicated for grade 6. It took one month of preparation and training. Students were divided into 7 groups from 2 classes. Each group selected their own product to market independently. All students were trained to present their products, show the advantages, look confident and responsive, using body language techniques and to dress formal to simulate reality. Everyone did remarkably well and rewards will be available for their outstanding performance.

MILS Robo Club

Thursday, December 6 2018

The students of ROBO CLUB had enjoyed preparing an event for the end of the first term.

SUMOBOT EV3 is a robot made up of LEGO Mindstorms EV3 Home edition kit.

It uses two sensors (color & infrared) and two large motors.

The color sensor is using the reflected light from the mat to stay inside the black ring.

The infrared sensor is detecting the other SUMOBOT to attack and push it outside the ring.

We are all Cheers For the Team!

Our Star team was outstanding winning the under 18 girl's football tournament. The team spirit was exceptional and all the girls worked so hard to achieve this fantastic result. We are so proud of the girls.

They are all great role models for our future teams.

U18 Girls Football Winners

SENDING YOU ALL OUR WARMEST
WISHES FROM MILS

*Happy
New Year!*
